**Tisdale:** Our family is on the road tonight on their way to join us for Christmas and a few days more. The tree is up, the gifts are wrapped and I am confident that they Christmas pudding cooking right now will be a delight to us all on Saturday. With the family here there will not be much time for working on Ensign so we will get back to you after the week end to consider the prospects for the coming year. Have yourself a Merry Christmas and may this season bless everyone you know.

Would you believe that there are 585 calories in a large

slurpee? It seems that there is a lot of sugar in a lot of things so that we may eat in a week 2,100 calories more than we intended. That slurpee has 39 spoons of sugar.
