#### Tim's Tip of the Day

ls it a butterfly or a moth? This is a moth. Antenna of

butterflies have nobs on the end. Moths have hairy bodies. This a daytime moth but unable to identify. If you know tell us what it is.

(Click here to see full size.)

Find of the Day

#### No swimming at the Saskatchewan Riviera: Sandbar magically appears on Prairie river. but having fun is a crime

beach right in the middle of the city but the city government has decided not to sanction its use. Legal worries and the strong current of the river have made their response

to put up no swimming signs and not provide any services.
