Greenwater summer report

Conservatives object to Wheat Board lobbyists and the selling of insignificant specific certitude and shifting the blame

2003 -

2002 - Poppy day in Tisdale, Dehy turnaround, warm enough for windows, Mr. Manley goes to Halifax and a solution for Canada's health care?

2001 - In praise of shadows, Public protection and border management, Parkland Photography October meeting and a commentary on the effects of the U.S. neoclassical mentality

2000 - HSURC Commission another study another dump

1999 - Getting ready for shifting the blame and the end begins

1998 - 1950 Plymouth

Tim's Tip of the Day

A sky like this one pretty much tells us that we are pretty insignificant life forms. The forces of nature are awesome but so are economic ones. The world economic crisis facing Europe and the rest of the world is about to get overwhelming. The Greeks do not have a finger in the dike, dam of collapsing economies is about to burst.
