Update on story about 1963 Pontiac Parisienne

Thursday
September 29, 2011
by: Bob
Victoria, British Columbia: The original story was posted May 18, 2003 and a reader from Victoria discovered the story and sent along some interesting details that tell us more about that vintage of GM product.

and two in one

2000 - Tough right to the last piece of concrete, November election and what is democracy

1999 - Tucking in the clay, University of Saskatchewan Synchrotron and ghosts aglow

1998 - Fall supper a Saskatchewan tradition

Tim's Tip of the Day

In North America we call these plants "cattails"

There are eleven species of them formally known as "typha" and grow all over the world. In England they are called "bullrush" as they are also called that in Australia but are known as "raupo" in New Zealand. They are edible and perform the role of converting wet land to dry land. [\(Click here to see full size.\)](#)

Find of the Day

EU bank failures will crash Wall Street - again

This story appeared in the Wall Street Journal last week but explains the close tie between the "occupy" movement and the economic misbehaviour that led to the 2008 collapse and is about to contribute to the

potential disaster arising out of Europe's financial chaos.
