#### Tim's Tip of the Day

We recently spotted an oil drilling rig just north of the city of

Regina and potash mines across the province are expanding or going flat out with production while still others are being developed. Saskatchewan's resource development is on an amazing upswing even while the forest industry is coming back to life. (Click here to see full size.)

#### Find of the Day

**Swiss National Bank acts to weaken strong franc**

The Euro is in serious trouble and that is causing financial woes for Switzerland as their currency has been going up and up so that Swiss exporters are in danger of going out of business.

The Swiss are taking drastic measures to devalue the Franc such as buying up Euros and now they are threatening to peg the Franc at a fixed value.
