Tim's Tip of the Day

There is a time in our lives where we

occasionally need to rest a spell and Grenfell's Regional Park campground is just right. Only 9 power, water sewer sites but all have power and all are in this outstanding treed park with a brand new pool. Right on highway #1 and with all services available. ([Click here to see full size.](#))

Find of the Day

French no longer offered to most Tisdale students

Essentially Tisdale's TMSS is really no longer a credible high school. Canada, a bi-cultural and bilingual country should not

tolerate a large community like Tisdale to refuse to offer French in its high school. Though a student might think they can graduate from high school without French, their chances of being accepted in a college becomes very slim to not possible.

car era began with this model of Ford which was very popular in its day as a race car on and off the track.
