Tim's Tip of the Day

In 2008 about this time of the year the American Capitalist system banks and industry collapsed. The experts actually contributed to the event. Disregard financial advise from me or anyone else. There are causes for transformers to explode and for the economy to go sour but accurate prediction of such events is non-existent. [\(Click here to see full size.\)](#)

Find of the Day

The Myth of Harper's Economic Competence

This bias story was written by Liberal MP Sean Casey and appeared in the Huffington Post today. It definitely needs to be considered as

we have been told about the "action Plan" quite enough while the government runs up deficit budgets for seven years straight.
